Ayman Mohammed

MGIT 4th Year Student | Passionately Pursuing Excellence in
Computer Science

Hyderabad, Telangana, India

Summary

As a graduate student in computer science at Mahatma Gandhi Institute of Technology (MGIT), I am passionate about applying my skills in visualization, problem solving, and DB management to various domains and challenges. My goal is to pursue a career in data science where I can leverage my expertise in data visualization and management to create impactful solutions that empower users and organizations to make better decisions and insights.

Experience

SmartInternz

Salesforce Developer

May 2024 - June 2024 (2 months)

Hyderabad, Telangana, India

Education

Mahatma Gandhi Institute of Technology

Bachelor's in computer science , Mathematics and Computer

Science · (November 2021 - September 2025)
